July 1, 2024

Dear Valued Patients,

It is with mixed emotions that I announce my retirement from Mountain View Psychiatry, my private practice office, effective December 2024. It has been a great pleasure servicing your health care needs over the years. As most of you know Trudy G Wilson, LPC relocated out of state in March. She is planning to transition to her own private practice and will continue to serve her patients remotely.

To ensure a smooth transition for your continued medication management care, I have curated and contacted the local providers below who have agreed to accept new patients. Your refill requests will be satisfied by me until you are able to be seen by a new provider or until our office closes.

Our office will be open to patients until December 20, 2024.

Your medical records are confidential; however, a copy may be transferred to a provider, released to you, or a person you designate given your permission. Please sign the enclosed authorization form and return it as soon as possible so we may transfer your records to your new provider. Your records will remain on file at Mountain View Psychiatry until January 25, 2025. After that date, your medical records will be transferred and stored in a secure, HIPAA compliant facility at Desert River Solutions.

If you have any questions, please contact Valerie or Debbie at our office at 719-375-1491 or send an email to: [info@mountainviewpsychiatry.com](mailto:info@mountainviewpsychiatry.com)
